

Load Weigh Switch

#22048-004 - Specifications:

The load weigh switch PS-75 (150-650 PSI) is designed for precise and reliable load measurement. Built with a rugged industrial design, it ensures durability and consistent performance in demanding environments.

Specifications	
Pressure Range	150-650 psi
Switch Type	SPDT
Switch Rating	5 amps
Repeatability	+/-15 psi +2% of setting
Diaphragm Material	Nitrile
Fitting Type	1/4" MNPT
Fitting Material	12L14 Zinc-Plated Steel
Electrical Termination	18" Flying Leads
Deadband	25 psi +14% of setting
Proof Pressure	7500 psi
Burst Pressure	9000 psi
Minimum Temperature	15°F
Maximum Temperature	185°F
Approvals	CE (UL available)
Minimum Qty. (per release)	10
Weight (Lbs)	0.6
